

Space Engineering International Course (SEIC) Timetable

2021 Second Semester (3rd & 4th quarter)

Subject (Eng.)

Subject (JPN)

Lecturer
Lecture room
building and floor

<3rd quarter> October 1st, 2021 – December 6th 2021

	Monday	Tuesday	Wednesday	Thursday	Friday
1 8:50~10:20	<u>Advanced Space Dynamics</u> スペースダイナミクス特論 Hiraki S-2A English map No.15 building 2nd floor		<u>Advanced High Velocity Impact Engineering</u> 高速衝突工学特論 Akahoshi 院2 English map No.5. building 3F (Room323)	<u>High-speed Gas Dynamics</u> 高速気体力学特論 Tsuboi 1-3D English map No.5 building 3rd floor	<u>Energy Conversion and Plasma Physics</u> エネルギー工学特論 Toyoda S-2A English map No.15 building 2nd floor
2 10:30~1200				<u>Advanced Space Dynamics</u> スペースダイナミクス特論 Hiraki S-2A English map No.15 building 2nd floor	
3 13:00~14:30	<u>Advanced High Velocity Impact Engineering</u> 高速衝突工学特論 Akahoshi 院2 English map No.5. building 3F (Room323)	<u>Energy Conversion and Plasma Physics</u> エネルギー工学特論 Toyoda S-2A English map No.15 building 2nd floor			
4 14:40~16:10	<u>High-speed Gas Dynamics</u> 高速気体力学特論 Tsuboi 1-3D English map No.5 building 3rd floor				<u>Satellite Power System I</u> *starting on November 26, 2021 衛星電力システム特論 I Cho S-2B English map No.15 building 2nd floor
5 16:20~17:50			<u>Japanese for Beginners</u> 日本語入門 Ishikawa Project Laboratory English map No.2 building 3rd floor	<u>Space Systems Engineering I</u> 宇宙システム工学 I Mihara S-2B English map No.15 building 2nd floor	<u>Satellite Power System I</u> *starting on November 26, 2021 衛星電力システム特論 I Cho S-2B English map No.15 building 2nd floor
6 18:00~19:30				<u>Comprehensive Subject of Practical Engineering F</u> 実践工学総合科目F Cho C-1C (from January 17 to 21) English map No.6 building 1st floor	<u>Space Systems Engineering I</u> 宇宙システム工学 I Mihara S-2B English map No.15 building 2nd floor

<4th quarter> December 7th, 2021– February 14th, 2021

	Monday	Tuesday	Wednesday	Thursday	Friday
1 8:50~10:20	<u>Advanced Mechanics of Materials</u> 材料力学特論 Yamaguchi 建設・院講義室 English map No.5 building 3F (1-3A)	<u>Advanced Architectural Structure</u> 建築構造特論 Chen 建設・院講義室 English map No.5 building 3F (1-3A)		<u>Introduction to Satellite Engineering</u> 衛星工学入門 Cho S-2A English map No.15 building 2nd floor	
2 10:30~1200		<u>Advanced Architectural Structure</u> 建築構造特論 Chen 建設・院講義室 English map No.5 building 3F (1-3A)		<u>Introduction to Satellite Engineering</u> 衛星工学入門 Cho S-2A English map No.15 building 2nd floor	
3 13:00~14:30					<u>Space Systems Engineering II</u> 宇宙システム工学II Mihara S-2B English map No.15 building 2nd floor
4 14:40~16:10	<u>Advanced Mechanics of Materials</u> 材料力学特論 Yamaguchi 建設・院講義室 English map No.5 building 3F (1-3A)				<u>Satellite Power System II</u> 衛星電力システム特論 II Cho S-2B English map No.15 building 2nd floor
5 16:20~17:50			<u>Japanese for Beginners</u> 日本語入門 Ishikawa Project Laboratory English map No.2 building 3rd floor	<u>Space Systems Engineering II</u> 宇宙システム工学II Mihara S-2B English map No.15 building 2nd floor	<u>Satellite Power System II</u> 衛星電力システム特論 II Cho S-2B English map No.15 building 2nd floor
6 18:00~19:30				<u>Comprehensive Subject of Practical Engineering F</u> 実践工学総合科目F Cho C-1C (from January 17 to 21) English map No.6 building 1st floor	

※"Space Systems PBL I & II (by Professor Cho)" will be provided in the 3rd and 4th quaters. Please consult with the lecturer in charge for the details.

「宇宙システムPBL I & II」は、第3、第4クォーターに開講予定です。詳細は、担当教員にご確認ください。

※"Comprehensive Subject of Practical Engineering F" will be basically held online in the 6th period of Thursday, but it will be held in hyflex class (in-person and online) during the 5days in the 6th period from Mon. January 17 to Fri. January 21. 「実践工学総合科目F」は基本的には木曜6限遠隔授業ですが、1/17(月)~1/21(金)の5日間は6限に對面と遠隔のハイフレックス授業の予定です。

※Please refer to the updated detailed schedule of each subject on the latest Course List for Remote Class posted on the website.

※各科目の詳細スケジュールは、ウェブサイトに掲載する最新の遠隔授業科目一覧を参照してください。
